

## Rasputin Sees Good Omen In Death Of Austrian Emperor, Says Czarina

By ISAAC DON LEVINE

THE death of Francis Joseph, emperor of Austria-Hungary, was interpreted by Rasputin as a good omen for Russia. He believed that it would end the war against the expected differences to develop between Germany and Austria. The event was the occasion for a telegram from Rasputin to the czar.

The czar and the monk put up a fight for St. Petersburg, but Rasputin was made prime minister, at the same time Rasputin's fate was in the balance. Around Rasputin the big battle in the last weeks of the Russian court's existence was waged. The czar, deposed by Rasputin, was the czar of insanity, which originated in his notorious spiritualistic pursuits.

Old man was wrong in not telling me about your other intentions, they have put me awfully out. I don't want to go and change Rasputin now, he will be all right. Give him the chance to get the food supply matter into his hands and I assure you all will go. Sturmer finished him. Sturmer was a big act, now choose Rasputin's successor as minister and a younger one instead of Rasputin—but leave Rasputin; it's for you I say all this. Heart and soul are weary from suffering, but I must tell you the truth.

**The Value of Cocoa Butter**

A GREAT many people write to me to ask why, if cocoa butter is fattening, I never advise its use on the face. The reason I do not is because cocoa butter is very heavy and is quite likely to irritate a sensitive complexion.

I know of nothing more valuable as a massage to build flesh. For instance, if your neck is very thin, or if the bones over the chest and shoulders are too prominent, or if the elbows are sharp and ugly, cocoa butter will be a blessing for you. The best way to use it is as follows:

Write a towel from hot water and hold it over the part to be massaged until the skin is warm and a bright pink. Then draw the blood to the surface of the skin, an active that in itself will put flesh on away places. It also means that you have opened the pores, which will be ready to absorb the cocoa butter massage.

Have the cocoa butter warm—in fact, if you can melt a little in a tiny

pan over an alcohol burner. It will be most convenient way. You might use one of the four fingers of your hand to rub the cocoa butter into the skin. It is still warm; you will be surprised at the amount that is taken.

There are no particular massage methods to be recommended; the main thing is to get as much of this highly concentrated oil in your skin as you can. You had better do this at night, for a great deal of cocoa butter will work out during the next several hours. Therefore, it is advisable to wear old nightgowns while you are taking this treatment since it will not matter if they stain.

H. R.—Be glad of the fact that you look so young. It is a characteristic that you will value later in life. At 17 you may regret looking several years younger, but at 25 or 30 you will be glad of your youth. I would not worry about acquiring a "friend" as yet. There is plenty of time for that and the older you are, the more discriminating your choice.

Roswell, N. M., June 2.—Lee Walters, Santa Fe night agent here, was asked at a police yesterday morning to step out of the freight car in which he was locked up. Walters answered "a brakeman." When Walters opened the door he found a man in the hands of an unmasked man. The agent was marched in a box car and Walters was then blown open and \$400 taken.

**LEAVE HEADACHE AT DRUG STORE**

Money Back While You Wait at Counter if Aspirin Does Not Relieve in Two Minutes. Absolutely Safe.

Save half an hour or more of headache pain by taking the new Aspirin. Aspirin is the slow acting tablets that have to wait so long to be dissolved. Aspirin acts right now and without the slightest danger to your heart or stomach.

Your physician recommends Aspirin because he knows it removes the cause of bilious and sick headache by gently acting on the liver, correcting the biliousness and constipation and preventing the return of your headache next day.

Next time you have a headache go to your nearest drug store, hand the clerk half a dollar for a bottle of Aspirin and tell him to serve you two teaspoonfuls, in a little water. With your watch in your hand count off two minutes and call for your money back, as per manufacturer's guarantee. If you can't feel your headache fading away within the time limit, don't be thankful for your drugist's invoice and expect you to try it. Everybody is doing it. Same guarantee applies to colds, coughs and neuritis.—Adv.

Lee Tires ask no favors of the road.

On rough country roads their tough tread travel almost unharmed over sharp and jutting points that would tear the heart out of less sturdy tires. On paved streets and boulevards Lee Tires wear down surprisingly and pleasingly slow.

If you know how to make tires and none but the best would satisfy you, the Lee Tire is the kind you'd build.

So thoroughly good are Lee Tires that you'll get an entirely new idea of tire mileage and satisfaction from the first one you try. Let us show you why.

**THURSDAY, JUNE 2, 1924.**

THIS is a lucky day, according to those who read the stars, for Saturn and Uranus are both in a strongly benefic aspect.

During this way the counsels of the old and experienced will be heard with unusual respect. It is held, and head will be given to conservative advice.

While Uranus is believed to encourage positive opinions and to clarify ideas the effect of tradition will be strong, so that all the reactionary forces may clash with progressive ideals.

Agriculturists should make the most of this rule, which seems to promise much in the way of good crops and markets.

As the summer quarter approaches the news again forecast a season of extreme heat following a late spring. Sanitation should be improved in homes and cities should be thoroughly cleaned.

Mortality among children may be serious from this date on and the problem of feeding will be urgent. Danger of public indifference to the claims of the unfortunate has been frequently foretold and it is prophesied that a startling event will prove that the nation has suffered a grave reaction after the war's awakening to ideals of universal betterment.

There is a sign forbidding for foreign travel which will be heavy. Severe storms at sea again are forecast.

Depression and privation in the West Indies, previously foretold, will come into notice at this time.

Standardization in dress will be accomplished to a certain extent, the severe style prophesied. Fashion concerning clothing was foretold many months ago, but its culmination will not be apparent until this time.

Education that will be of great value to women is prophesied. This will have its origin in political and social reforms which will extend to all economic relations.

Again the rise of new leaders among women and the disappearance of those long in command are prophesied.

Persons whose birthdate it is will have a quiet and successful year. Business will prosper if speculation is avoided.

Children born on this day will be steady and persevering, quick and clear. They should progress rapidly in anything they undertake.—Copyright, 1924, by the McClure Newspaper Syndicate.

**Take "Dodson's Liver Tone" Instead!**

If you feel bilious, headachy, constipated and all knocked out, just go to your drugstore and get a bottle of Dodson's Liver Tone. It's a harmless vegetable substitute for dangerous calomel. Take it and it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and tomorrow you'll be dead. It may salivate you, while it takes Dodson's Liver Tone you will wake up feeling great, feel better, and be ready for work or play. You can give it to children, too.—Adv.
